MEMORANDUM FOR: Director of Training

SUBJECT: Medical-Security-Personnel Panel

25X1A9a

1. I have given careful consideration to your request that we add a member of [redacted] staff to the Medical-Security-Personnel Panel.

2. It is my feeling that the type of information handled by this Panel should be restricted to the narrowest group possible and, therefore, I believe that the advantages of having a psychologist on the Panel would be outweighed by the inherent disadvantage of introducing another category of personnel to the matters reviewed by the Panel.

25X1A9a

3. It is my understanding that the Panel calls upon Dr. [redacted] to provide information and advice bearing on certain cases. I should like to make sure that we are making fullest utilization of the services of Dr. [redacted] staff and would, therefore, welcome any suggestions he may be able to make regarding the improvement of present procedures.

25X1A9a

(Signed)

Gordon M. Stewart
Director of Personnel
